‘HaRI’ VALUES

We believe in the core values of Happiness, Responsibility and Integrity and our endeavor is to instill these core values in students to enable them to achieve holistic growth and develop a charming personality. In order to support the HaRI values, we have 50 best practices.

<https://www.nsnschools.com/best-practice/> Social contribution is an integral part of NSN as we believe in giving to society.

@NSN, WE CARE

The management has waived a revenue of more than ₹1,33,39,519 towards fees exemption/fees concession, for meritorious students from underprivileged background and covid'19 victims, whose families have been affected financially, due to the pandemic.

Editor’s Note

We plunged into the second term with our students creating awareness on leading an organic lifestyle. Organic October trended our social media handle. The word Organic is synonymous with “natural”, “simple” and “healthy”! It is not just about the food we eat, rather living a healthy life, banking on natural remedies and keeping life simple. Simple and sustainable living goes a long way in contributing for not just a healthy body but also a calm mind and a pure soul. At NSN, it is an endeavour to raise healthy and smart students and we leave no stone

unturned for the same. The highlight of the month was the Q&A sessions with the Correspondent, where students stunned us with their thought provoking questions. Read on to know more about yet another happening month.
