EDITOR’S NOTE

A School holds beautiful memories in a child’s life as it shapes the precious life of the child. A child who steps into the portals of the school as a tiny tot, is groomed with the required skills, nurtured in all aspects to develop into a holistic individual. True to the theme for the month “Make A Difference March”, NSN has touched the lives of the students and made a difference by providing good quality education to all classes of society. At NSN, our endeavour is to create a community of students who are deep-rooted in the culture and values and build good Samaritans who contribute to the society and look beyond a small circle of “Me, Mine and Myself. The students are provided with a great exposure with a plethora of activities planned exclusively to showcase their innate talents, hone their leadership skills, making them strong emotionally with good inter-personal skills and empower them in academics too. These exposures help them to grow into a wholesome personality as NSN prepares students for Life!!!.
