EDITOR'S NOTE

SACRED SPACE

"The heart that gives, gathers." – Lao Tsu

As we usher in the New Year, it's a perfect moment to reflect on the values that shape us, with 'sharing' standing out as a key value. Sharing goes beyond giving, it's about spreading love, kindness, and warmth. Whether it's offering a meal, sharing a smile, or imparting knowledge, each act nurtures empathy and strengthens connections. These small, yet meaningful gestures, remind us that we are never truly alone, as they create invisible threads that unite us all.

.....Contd

Beyond the joy it brings, sharing teaches responsibility, humility, and selflessness. It cultivates empathy and shapes us into compassionate individuals. In giving, we not only enrich the lives of others, but also experience deeper fulfillment ourselves. Sharing promotes a sense of community, turning “me” into “we” and strengthens the bonds that tie us together, paving the way for a brighter and more connected future.

By instilling the value of “sharing is caring” in our students, we empower them to become compassionate individuals, who contribute to building a more caring and united world.

‘In 2025, let kindness grow; through sharing, let our hearts glow!’
